

## Sites of Conscience Project Support Fund Outcomes Logic Model Template

The Project Support Fund places great emphasis on careful and honest project documentation and evaluation by each participating site. Outcomes of the projects will be shared with all Coalition members, through evaluation reports, to further our collective learning and development. As part of the application process, applicant sites are required to submit a detailed and specific evaluation and impact plan to assess the impact of the proposed project in their communities. Please use the following Outcomes Logic Model.

### Outcomes Logic Model Template

Inputs	Activities	Outputs
Resources needed to carry out the project (e.g. materials, supplies, staff, etc)	Tasks needed to make the project happen	A direct product of the execution of the project's activities

<b>Participants</b> - People who experience, benefit from, or are affected by the project (e.g. school children, survivors, local visitors)
<ul style="list-style-type: none"> <li>•</li> <li>•</li> <li>•</li> </ul>

Intended Outcomes	Indicators (Measures)
Change in participants' knowledge, skills, behaviors, attitudes or values	Measurable condition that shows the outcome was achieved
<b>Immediate (by the end of project)</b> (e.g. changes in participants' knowledge and skills)	
<b>Intermediate (up to 1 year after end of project)</b> (e.g. changes in participants' behaviors)	
<b>Long Term (more than one year after end of project)</b> (e.g. changes in participants' values and attitudes)	

**Outcome #1:**

<b>Indicator(s)</b>	<b>Data Source</b>	<b>To Whom</b>	<b>Data Intervals</b>	<b>Target</b>
	Where and how you will get/collect the information about the indicator (e.g. interviews, questionnaires, etc)	The group of people to which this indicator is applied (e.g. all participants, a sample of all)	When and how often you will request/collect/analyze information (e.g. at the end of the project, before and after participation, etc.)	How many of your participants or users you expect to meet the parameters of the indicator

**Repeat for additional outcomes**
